

What's with all the Race Neutral jobs? (UPDATED)

The April Bid Opening is entirely Race Gender Neutral other than the 100% state funded projects where DBE doesn't apply. The reason for going RGN is that after totaling our DBE participation for the fiscal year after the **April 13, 2018** bid opening the overall participation was at **5.52%** which is awesome but the Departments goal is 4.91% and CFR states *"If, during the course of any year in which you are using contract goals, you determine that you will exceed your overall goal, you must reduce or eliminate the use of contract goals to the extent necessary to ensure that the use of contract goals does not result in exceeding the overall goal."*

Prior to the March bid opening we were sitting at 3.53% and until we go back under 4.91% we will remain RGN. Primes are still encouraged to utilize DBE quotes as that participation will still count, but there are no Race Gender Conscious goals included in the April and possibly May bid openings so any DBE participation is at the will of the Primes or if a DBE bids as Prime.

DBE CERTIFICATION QUICK TIPS ~ DEALER DBE PARTICIPATION ~

The following information was taken directly from CFR 49.26

§26.55 How is DBE participation counted toward goals?

(2)(i) If the materials or supplies are purchased from a DBE regular dealer, count 60 percent of the cost of the materials or supplies toward DBE goals.

(ii) For purposes of this section, a regular dealer is a firm that owns, operates, or maintains a store, warehouse, or other establishment in which the materials, supplies, articles or equipment of the general character described by the specifications and required under the contract are bought, kept in stock, and regularly sold or leased to the public in the usual course of business.

(A) To be a regular dealer, the firm must be an established, regular business that engages, as its principal business and under its own name, in the purchase and sale or lease of the products in question.

(B) A person may be a regular dealer in such bulk items as petroleum products, steel, cement, gravel, stone, or asphalt without owning, operating, or maintaining a place of business as provided in this paragraph (e)(2)(ii) if the person both owns and operates distribution equipment for the products. Any supplementing of regular dealers' own distribution equipment shall be by a long-term lease agreement and not on an ad hoc or contract-by-contract basis.

(C) Packagers, brokers, manufacturers' representatives, or other persons who arrange or expedite transactions are not regular dealers within the meaning of this paragraph (e)(2).

(3) With respect to materials or supplies purchased from a DBE which is neither a manufacturer nor a regular dealer, count the entire amount of fees or commissions charged for assistance in the procurement of the materials and supplies, or fees or transportation charges for the delivery of materials or supplies required on a job site, toward DBE goals, provided you determine the fees to be reasonable and not excessive as compared with fees customarily allowed for similar services. Do not count any portion of the cost of the materials and supplies themselves toward DBE goals, however.

(4) You must determine the amount of credit awarded to a firm for the provisions of materials and supplies (e.g., whether a firm is acting as a regular dealer or a transaction expeditor) on a contract-by-contract basis.
